Attorney's Docket No.: 10984-287001

First, the notice was mailed to the address of record, which is Fish & Richardson's Minneapolis office. Petitioner is located in Boston<sup>1</sup>, and as such, it does not appear that Petitioner's file jacket, docket printout, and electronic log can establish that this communication was not received from the Office, since the Office did not mail the notice to Petitioner.

Secondly, assuming arguendo that these items could establish that his communication was not received from the Office, Petitioner's showing is incomplete. The declaration of facts makes reference to the inclusion of an electronic log (Exhibit A) and a docket printout (Exhibit B). The electronic log has been located in the electronic file, but the docket printout has not.

Regarding the first issue, the file jacket for this case is located in Boston, where the undersigned resides. The docket printout and electronic log cover all U.S. offices of Fish & Richardson, including our Minneapolis office. In our firm, mail is directed to our Minneapolis office and distributed throughout the U.S. offices, including Boston. If there is no indication that mail for this case was received on the electronic log, then that mail (in this case, the Notice of Allowance for this case) was not received at Fish & Richardson.

Regarding the second issue, the docket printout<sup>1</sup> is being resubmitted. The docket printout that is being submitted has been retrieved from PAIR. As such, the docket printout does appear to have been received by the Patent Office, contrary to what is said in the Decision.

In view of the foregoing, we respectfully request that the Petition to Withdraw Holding of Abandonment be accepted, along with payment of the issue fee that accompanied the Petition.

Finally, for the reasons explained above, there is no need to file a change of correspondence address in this case since mail directed to our Minneapolis office (the address of record) will be routed to Boston.
